

TIMBERCLADDING & WEATHERBOARDING

Timber is becoming an ever more popular choice for use in exterior applications such as vertical and horizontal cladding. It is recognised as an environmentally sound and renewable resource with high insulation properties. Abbey Woods can now offer several choices for your Timber Cladding and Weatherboarding.

TIMBER CLADDING WEATHERBOARDING

Exterior Cladding and Weatherboarding can be supplied in a wide variety of profiles in both sawn and machined finishes. These include a range of Square Edged Boards both Sawn and Planed, Featheredged and Bevelled either Plain or Rebated, Tongue and Grooved with a V joint, Shiplap or Custom Moulded to your own specification.

Our expert staff can offer full technical advice for your cladding requirements, from design to choice of timber. For further information and enquiries, please do not hesitate to contact us by phone, fax or e-mail.
